

SS9

LTE 4G Push To Talk (PTT) dual sim-card mobile radio. PTT radio solutions offer voice recording, GPS tracking and unlimited voice calls.

TECHNOLOGY FEATURES

PRIVATE CALLS

Private calls can be made by choosing the required radio ID. The two radios will be entered into a private group. Once the conversation is over, the radios will automatically revert back into their original group.

VOICE RECORDING

All communication is recorded on the platform and available for instant replay. Recordings remain available for a month and can be easily downloaded to customer servers for storage.

GLOBAL POSITIONING SYSTEM

The SS9 offers GPS tracking via the dispatch station software, showing speed, distance travelled and time.

DISPATCHER

The platform offers dispatcher software that allows the customer to be in control of their own network.

GROUP CALLS

Group calls can be made by choosing the required radio ID's. The radios will be entered into a private group. Once the conversation is done, the radios will be automatically revert back into their original groups.

SEND MESSAGES

The operator can send instant voice and text messages to a radio. All sent messages are recorded on the server.

STUN FUNCTION

The operator can stun a radio should the radio be stolen, lost or abused. The radio can be reactivated by the controller.

UNLIMITED COVERAGE

Utilising existing GSM networks, the SS9 offers unlimited coverage.

POWER VOLTAGE

12/24V Wide Voltage Operation

MAIN FEATURES

- 1.77 Inch Large Tftlcd Screen
- Dual Sim Card
- GPS/SOS
- Telephone Function(Answer/Recall)
- Recording Playback
- 12/24V Wide Voltage Operation
- Infinite Group Capacity
- Infinite Single Call Member
- Quick Call
- Multi Call/Single Call/All Call
- Dispatcher Information
- Time Zone Setting
- TOT Function
- Voice Prompt
- Volume Mode Selection
- Microphone Gain Selection
- Prompt Tone Control
- Key Lock

TECHNICAL SPECIFICATIONS

MAIN SPECIFICATIONS	
Service Platform	SS9
Network Version A	LTE-FDD:B1/B3/B5/B8 LTE-TDD: B38/B39/B40/B41 WCDMA:B1/B8 TD-SCDMA:B34/B39 EVDO/CDMA:BC0 GSM:900/1800MHZ(B3/B8)
Operating Temperature Range	-20°C ~ +60°C
Operation Voltage(V)	12V/24V
SIM Card Size	Dual Micro Sim Card
Weight	185g
Dimensions(H x W x D)	92 x 43.8 x 37.2mm
Antenna Impedance	50ohm
Audio Output Power	2W
Audio Distortion	≤5%

NOTE: Due to the continuous development of technology, the above data is subject to change without notice.
